Dr. Pratyay Kuila has been listed as one of the Indian Researchers who were at the **top 2% in 2019 by a study conducted by Stanford University, USA** for his outstanding research contributions in the field of Artificial Intelligence. Some of his research works include Deep Learning, Quantum Computing, Evolutionary Computation and Wireless Sensor Networks based applications.

Potential of his research aptitude has been evident since last half decade. Within a very short span of time, his devotion towards research is now well recognized worldwide. This has been reflected by more than 1650 research citations. He has contributed more than 40 research articles in renowned International Journals and Conferences as well as written one Book.

Dr. Kuila is presently serving as an Assistant Professor and the Head of the Department of Computer Science and Engineering at National Institute of Technology Sikkim, India. We, the NIT Sikkim family congratulate him and wish him success for his future endeavour. We wish that he will bring more such laurels to the Institute and our beloved country India.
